-
- ⁱ The 'Z' is the standard mnemonic prefix in CREST for CREST Clearing Participants (Undertakings).
 - ⁱⁱ Direct Input options for SETS trades should be set up in CREST against Central Sponsor 'EMCFNLKE'. Settlements are to be instructed with a TSO of '9'.
 - ⁱⁱⁱ Please indicate whether trades for the relevant central sponsor and dealing capacity can be cleared only through the member house account, member client account or both.
 - ^{iv} This field is mandatory, being used for automatic claim generation on unmatched transactions as well as for creating Direct Input instructions and Stamp Assessed trades (SATs).
 - ^v The entries in this table can be derived from the earlier entries in the form. EuroCCP will complete this section if not completed by the member.
