INTRODUCTION	4
HEADER RECORD	8
FEE DETAIL RECORD	9
TRAILER RECORD.....	13
FIELD NUMBERS, NAMES AND DESCRIPTIONS	14

Introduction

1. Purpose

The FIF (Fee Invoice File) is meant for Clearing Participants connected to the EuroCCP services.
The file contains detailed information concerning the Fees and Costs as reported on the monthly Fee Invoice.

2. Format

The data in the Fee Invoice File is delivered in ASCII in the following formats:

- Alphanumeric, meaning all letters and figures are possible. The field is left outlined and if (partly) empty, the field is filled with spaces.
- Numeric; meaning only figures are possible. The field is right outlined and if (partly) empty, the field is filled with zeros.
- Date; meaning only a fixed figure field is possible in the format CCYYMMDD (e.g. 20091223)

3. Setup

The data is accumulated within one file and created on client level, resulting in one file per client number.

Each file contains one Header, at least one Fee detail record and one Trailer record.

The different Fees / Costs are identified by the record type field.

4. Availability

The FIF file is available per secure e-mail or ftp (on request) at around 20.00h CET.
As the file is created as part of our monthly invoicing procedure we cannot state the exact date on which it will be created.

5. Naming conventions

The data is always packed in a zip-file and is called: <client number>-FIF-MO.zip
E.g. 1234-FIF-MO.zip

If you receive this file with encryption the filename will be:

<clientnumber>-FIF-MO.asc

The FIF EuroCCP file itself is called:

<transaction date>----<client number>-----cl-fif

e.g. 20091223----1234-----cl-fif

6. Further information

All questions concerning the layout can be directed to:

EuroCCP Business Support

Mail to: business.support@euroccp.com

FEE TYPES

Each fee or cost is identified by a Fee Type. See below for the list of available fee types.

BIF Buy-In Administration fee

See Regulation Fees and Penalties

“Buy-In Administration fee is based on the administrative costs of EuroCCP. An administration fee will be charged to the failing Clearing Participant (CP) as per the start of each individual buy-in procedure”. The CP will have received a notification from EuroCCP. Each BIF record identifies one failing Settlement Instruction and the Buy-in notification fee assigned.

CLE Clearing fee

See Regulation Fees and Penalties

Clearing fees are charged per execution using a Tiered Clearing fee schedule, based on the monthly average.

Executions where a charge per execution is performed (for instance on Rights) are excluded from the monthly calculations.

Only the CLE records where a charge per execution was performed will contain a fee amount.

The Platform access connectivity fee will be reported in the CLE.

The Clearing fee amounts calculated during the monthly process are part of the fee type ‘MRF’.

Each CLE record also contains the sum of the transactions cleared per day/per client/per account/per safekeeping and per trade data provider.

CMF CP membership fee

See Regulation Fees and Penalties

“The membership fee is a fee expressed as an amount per annum and is charged monthly. The fee will be applicable irrespective of whether the member involved has had any activity during the month”.

Only one CMF record is available per month.

CSA Individual Client Segregation Account fee

See Regulation Fees and Penalties

If a Clearing Participant wishes individual client segregation, EuroCCP will charge a fee per calendar month

FAC Fail management fee Variable compensation

See Regulation Fees and Penalties

FAI Fail management fee Ad Valorem (“to the value”)

See Regulation Fees and Penalties

“Fail management fees are charged for each failing settlement for each business day the obligation to deliver or receive Securities remains unsettled”.

Each FAI record identifies one failing Settlement Instruction and the Fail fee assigned.

FAO 3RD Party cost recovery

See Regulation Fees and Penalties

“Third party costs due to failed settlements charged by CSDs or Settlement Agents will be passed on to CPs who have failed to deliver, or who have failed to receive due to a lack of funds or a failure to instruct.”.

Each FAO identifies one failing Settlement Instruction and the fee assigned.

FAX Fail management Handling fee

See Regulation Fees and Penalties

“Fail management handling fees are charged for each Fail for each business day the obligation to deliver Securities remains unsettled”.

Each FAX record identifies one failing Settlement Instruction and the Handling fee assigned.

FRB Family fee rebate

See Regulation Fees and Penalties

“For CPs belonging to the same consolidating legal entity, the executions will be added together before applying the banded clearing fee schedule”.

If a rebate is calculated the rebates are proportionally divided across the CPs.

FRC Family rebate CAP

See Regulation Fees and Penalties

A monthly fee cap is introduced. The cap will be based on the monthly sum of clearing fees (MRF), the fees per execution (CLE) and the fixed fail fee component (FAX). The exceeding amount will be rebated/refunded.

IOF Interoperability

See Regulation Fees and Penalties

"Fees incurred due to the operation of the Interoperability Fund at Clearstream Banking S.A. will be passed on to the Clearing Participants making Deposits/Withdrawals in the Interoperability Fund".

ISS Interoperability settlement surcharge fee

See Regulation Fees and Penalties

"A surcharge of € 0,12 (per interoperable CCP) applies to **clearing participants** who are active on interoperable markets".

The interoperable settlement fee will be charged according to the following principles:

- The fee will apply to clearing participants upon settlement of any trade during a month in interoperable ISINs at a trading venue providing interoperability. Venues providing interoperability are: BATS CHI-X EUROPE, TURQUOISE, BURGUNDY, AQUIS, SIGMA X MTF, SMARTPOOL, UBS MTF, GETMATCHED, EQUIDUCT, TRAIANA and EURONEXT LONDON.
- Spanish ISINs and ETFs are excluded as those are currently not part of interoperability.
- If the clearing participant is eligible for the interoperable settlement fee, it will be applied to all settlements excluding the above mentioned in the first bullet. Currently there are three other interoperating CCPs. Therefore the current fee per settlement is $3 * €0,12 = €0,36$

IST Interest on cash Clearing fund account

Where the calculated interest on the Clearing fund account results in a negative amount the amount will be part of the invoice.

LOY Rebate Loyalty Fee

See Regulation Fees and Penalties

"If a CP commits to clear a number of geographical markets with EuroCCP, representing certain percentage of his average cleared volume with EuroCCP on certain months, then EuroCCP will cap the per item clearing fee for this CP".

LPF Late payment penalty fee

See Regulation Fees and Penalties

"A penalty may be charged when full payment of the invoiced amount is not received within a certain time period. This penalty will be sent per invoice. This penalty will be charged on the next regular invoice to the party involved".

LT1 Off Orderbook fee for trades submitted from and including 17:35 up to 18:00 CET

See Regulation Fees and Penalties

"The Off-order book clearing tariff applies for transactions executed outside the order book of an Exchange and for transactions submitted by a Platform or by Clearing Participants".

LT2 Off Orderbook fee for trades submitted on or after 18:00 CET

See Regulation Fees and Penalties

"The Off-order book clearing tariff applies for transactions executed outside the order book of an Exchange and for transactions submitted by a Platform or by Clearing Participants".

LTM Trading Participant per Exchange / Platform

See Regulation Fees and Penalties

"Trading Participants applying to the Exchanges or Platforms, who submit trades from 17:35 CET onwards, will be charged an additional Membership fee per Trading Participant per month per Exchange or Platform".

LSS Late Spanish Settlement fee

See Regulation Fees and Penalties

"For the Spanish segment, late participant delivery settlements are charged a late settlement fee.

MRC Monthly rebate CAP

See Regulation Fees and Penalties

A monthly fee cap is introduced. The cap will be based on the monthly sum of clearing fees (MRF), the fees per execution (CLE) and the fixed fail fee component (FAX). The exceeding amount will be rebated/refunded.

MRE Exchange Clearing fee supplement

See Regulation Fees and Penalties

A monthly fee supplement based on a charge per execution. This fee is charged for executions performed on the Euronext exchanges (XAMS, XBRU, XLIS, XPAR, ALXB, ALXL, ALXP, ENXL, MLXB, XMLI), Oslo Börse (XOSL), Borsa Italiana (MTAA, MTAH, ETFP) and Deutsche Börse (XETR).

MRF Clearing fee

See Regulation Fees and Penalties

“Clearing fees are charged per execution on a monthly basis based on the banded clearing fee schedule”.

MSC Miscellaneous fee and costs

All costs and or fees that are not part of any of the Fee types mentioned here will be made part of this fee type.

OFF Off Orderbook fee for trades submitted before 17:35 CET

See Regulation Fees and Penalties.

“The Off-order book clearing tariff applies for transactions executed outside the order book of an Exchange and for transactions submitted by a Platform or by Clearing Participants”.

REI Reimbursement

See Regulation Fees and Penalties

“For each partial settlement that is made at the request of EuroCCP in accordance with the Regulation Settlement, EuroCCP will

reimburse the Clearing Participant involved in the partial settlement”.

SET Settlement fee

See Regulation Fees and Penalties

SFF Swift funding fee

See Regulation Fees and Penalties

If a Clearing Participant has opted for non-standard strange net handling and the netting process results in a cash settlement only a fee will be charged for each cash settlement”.

SPF Spanish fee

See Regulation Fees and Penalties

“EuroCCP will charge a Clearing Participant with the Iberclear “short sale fine” as well as the Iberclear “late settlement fine” when the CP’s original delivery instruction towards EuroCCP is rejected by Iberclear”.

TMF TP membership fee

See Regulation Fees and Penalties

“The participant fee for Trading Participants will be charged to the Clearing Participant. It will be charged for each Trading Participant for which the Clearing Participant has issued a Statement of Authority”.

VPN Real-time confirmation feed fee

See Regulation Fees and Penalties

“EuroCCP will charge a fee per month (connectivity to both data centres).”

Header Record

The 'header' record will always be the first record in the file.

Header Record

Field numbers, names and descriptions

1. Record code

Format: numeric

Code used to identify the record type

2. Clearing site code

Format: alphanumeric.

Code issued by EuroCCP representing the processing EuroCCP entity.

Possible value: "MCF"

3. EuroCCP name

Format: alphanumeric.

4. Release code

Format: numeric.

Code representing the FIF version

5. Month charged

Format: CCYYMM

Identifies the month the invoice amounts relate to.

6. Time stamp

Format: CCYYMMDD-HHMMSS

Identifies the time of file creation.

7. Client number

Format: numeric.

A unique code that identifies the Client.

For the Clearing Participant that receives two FIF files, one for each Client number, the MRF records will be reported in one file only.

8. Invoice number

Format: alphanumeric

Identifies the Invoice the Fee Detail records relate to.

9. Processing date

Format: CCYYMMDD

Concerns the date on which the Fee amount booked has been calculated.

10. Account type

Format: alphanumeric

Code that indicates for instance if the client's business is "segregated" (code: CLNT=CLIENT) or "Non- segregated" (code: HSE=HOUSE).

11. Account number

Format: numeric.

The unique code that identifies the account for which the fee has been calculated.

12. Fee type

Format: alphanumeric

A unique code that identifies the fee amount to be booked.

For possible values see the Introduction.

When necessary EuroCCP may add new fee types.

These new fee types may concern manually entered fee bookings by the EuroCCP back-office. They may be added without prior notice to the clients, the FIF record layout will not change as a result of these new fee types.

3. Transaction type

Format: alphanumeric

A code indicating the type of transaction.

The transaction type is mandatory filled in case the Clearing fee is trade-based and it does not concern a manual correction¹.

The transaction type is <empty> in case Clearing fee is order-based or it concerns a manual correction.

The transaction type is filled in case Settlement fee and it does not concern a manual correction.

Possible values:

STD	Standard (default)
IMT	Inter-I matched trade
PRE	Settlement fee in case of strange net settlement

14. Safe keeping id

Format: alphanumeric

Code that indicates the place where the securities are kept.

Examples:

AT	Austria
BE	Belgium
CH	Switzerland
DE	Germany
DK	Danmark
ES	Spain
FI	Finland
